ITEMS FOR ACTION

<u>6: Acceptance of BCAG Fiscal Audit and Transportation Development Act (TDA) Audits for the Cities, Town & County for the Year Ending June 20, 2022</u>

BCAG staff is required to prepare a fiscal audit annually. In addition, BCAG prepares the fiscal and compliance audits for the Transportation Development Act (TDA) claimants for both Local Transportation Funds (LFT) and State Transit Assistance (STA) funds.

Staff informed the Board that BCAG's financial statements and supplemental information have been audited by independent auditors, Richardson & Company, in accordance with State and Federal regulations. BCAG's CFO went through some of the highlights of the financials and gave an explanation on how some items were determined and why.

BCAG budgets annually for the preparation of the required TDA audits. These audits cover receipt and use of the TDA funds used for streets and roads projects for each of the cities, town and county, and the Gridley Senior Taxi Fund.

Staff presented each Board member with a PDF copy of their jurisdictions TDA Audit included with the digital copy of the agenda. Ingrid Sheipline of Richardson & Company reviewed the audit with the Board and was available for any questions.

Staff requested the Board accept the BCAG fiscal audit and the TDA audits prepared for the claimants for the fiscal year ending June 30, 2022.

7: Approval of the 2023/24 Unmet Transit Needs Assessment & Findings

Staff informed the Board that an annual Unmet Transit Needs Assessment is required as the administrator of Transportation Development Act (TDA) funds for Butte County.

BCAG must identify any public unmet transit needs that may exist in Butte County in order to receive state funding. In the event of an unmet transit need, a further determination must be made as to whether those needs are reasonable to meet. All unmet transit needs that are reasonable to meet must be satisfied before TDA funds are expended for non-transit uses.

Staff informed the Board that testimony was collected during a 30-day outreach period that began October 27, 2022. The public was invited to provide input in person and via mail, email, phone, social media, or an online comment form. This outreach period culminated with a public hearing, before the BCAG Board of Directors, at the December 2022 Board meeting. This 30-day period and the final public hearing was promoted in local newspapers, on all transit buses and on the internet at both BCAG and B-Line websites.

All comments were compiled into an analysis report. Based on the testimony and analysis by staff, the BCAG Board of Directors determined that there are no unmet transit needs that are reasonable to meet.

Staff further recommended that the Board adopt the Unmet Transit needs Assessment and Findings for the 2023/2024 fiscal year by Resolution 2022/23-08.

8: Approval of MAP-21 Performance Measures-Safety (PM1) 2023

Staff requested approval of Map-21 Performance Measures-Safety.

BCAG is the federally designated Metropolitan Planning Organization (MPO) for the butte County region. BCAG is required to establish targets, track, and report the areas performance measures mandated under the federal Moving Ahead for Progress in the 21st Century Act (MAP-21) in coordination with Caltrans and local jurisdictions.

There was discussion regarding the federal transportation legislation placing new and stronger emphasis on measuring and monitoring the performance of the transportation system. This requires states and MPOs to implement a performance-based approach to planning and programming.

Caltrans and the Office of Traffic Safety (OTS) established statewide safety performance targets for calendar year 2023. MPOs have six months following the states target setting date to either establish their own targets or agree to plan and program projects so that they contribute toward the accomplishment of the state target. Performance and targets are reported and revised annually.

Staff presented a compilation of the Butte County datasets provided for each safety measure. Trends have been presented based on the rolling 5-year average for all years included in the dataset.

In addition to the datasets presented, BCAG prepared a map of fatalities for the Butte County region accompanied by relevant statistics.

Staff recommended that BCAG agree to plan and program projects so that they contribute toward the accomplishment of the state target for the 2023 performance year. Staff will incorporate the new measures and targets into the BCAG System Performance Report and notify Caltrans prior to February 28, 2023.

BCAG will continue to coordinate with Caltrans, TAC, and BCAG Board regarding federal performance measures.

ITEMS FOR INFORMATION

9: North Valley Passenger Rail Strategic Plan Update

Staff informed the Board that BCAG received \$500,000 in grant funding from Caltrans to study expanding passenger rail service northward from the Sacramento area to Butte County and the study is continuing to move forward.

BCAG staff is working with its project partners and consultant team at AECOM to continue moving the North Valley Passenger Rail Strategic Plan (NVPRSP) forward.

Staff informed the Board that a virtual public workshop was held Thursday, February 23rd. In addition, BCAG is working with The Ferguson Group to develop a grant application.

There have been several articles and stories on the North Valley Passenger Rail ran recently through news outlets including KCRA in Sacramento and Action News in Chico.

Staff will continue to keep the Board informed as this study moves forward.

This item was presented for information purposes.

10: Update on Regional Early Action Planning (REAP) Grant Program

BCAG has been allocated \$2,944,762 in 2021 Regional Early Action Planning grant funds and has coordinated with BCAG member jurisdiction staff, key stakeholders, and members of the community to identify projects for funding.

An application was submitted in late December that included five suballocation projects, one for each of the five BCAG member jurisdictions.

There was discussion regarding the California Department of Housing and Community Development (HCD) in partnership with the Office of Planning and Research (OPR), Strategic Growth Council (SGC), and California Air Resources Board (CARB) released the application for REAP 2.0 funding for Metropolitan Planning Organizations in July 2022.

Under REAP 2.0, an additional \$2,944,762 in funding will be allocated to BCAG, with applications due to HCD in December 2022, and a deadline of June 2026 for funds to be fully expended. Of these available funds, \$2,650,285 will be available for BCAG to suballocate to member jurisdictions or tribal governments to fund implementation of eligible projects that meet the grant program criteria.

Staff informed the Board that BCAG worked with its consultant team at PlaceWorks to conduct a 3-phase process to arrive at a final list of projects to include in the final application. This was implemented to ensure compliance with grant program guidelines that require specific outreach to low-income and disadvantaged communities.

BCAG staff and PlaceWorks presented the Board with a PowerPoint presentation providing additional information.

This item was presented for information purposes.

11: BCAG Regional Travel Survey Update

BCAG is working with the consultant team at PlaceWorks to develop a Regional Travel Survey report that identifies current travel trends in Butte County.

There was discussion regarding the shift in travel characteristics of the Butte County Residents as a result of the 2018 Camp Fire, 2020 North Complex Fire, and Covid-19 Pandemic. A regional survey is being developed to establish a better baseline data set, which will be a comprehensive survey of the travel behavior trends and characteristics of residents within the six-jurisdiction region.

BCAG staff and PlaceWorks are working with the data vendor, StreetLight, to produce regional travel pattern data.

Staff informed the Board that a variety of promotional materials have been deployed including an employer survey targeting large employers, and a community survey targeting the general public. Together these will provide supplemental information to StreetLight data.

PlaceWorks will analyze the travel pattern data collected from StreetLight, as well as the employer and community survey results, and prepare a report on the findings.

Staff will share the final Regional Travel Survey report with the Board when it is completed this spring.

This item was presented for information purposes.

12: Butte Regional Transit (B-Line) 2nd Quarter 2022/23 Report

Staff presented the Board with key financial and operating data for Butte Regional Transit (B-Line) for the second quarter of fiscal year 2022/23.

The financial data presentation compared second quarter results to the annual budget and to the prior year. The operations tables represent a performance-based assessment in comparison to the same quarter of the prior fiscal year.

Lack of ridership continues to be an issue in meeting the annual farebox ratios previously mandated by the TDA. In July 2021, California AB 149 was passed that extended the previous TDA exemption from the farebox requirement through the current fiscal year 2022/23. A change in the definition of "local funds" allows any nonstate funding as a part of the "farebox" ratio. This change allows our federal support to be included as farebox, which is historically at least 35% of our total funding, and pandemic relief funding continues to help cover lost fare revenues.

Rural fixed route fares are covering 10.8% of operating costs, urban fixed route fares are covering 10.9%, rural paratransit fares are covering 7.0%, and urban paratransit fares are covering 8.1% of operating costs.

For the quarter there were 3 preventable accidents with 357,433 miles driven and 6 valid complaints with 152,685 passengers served.

This item was presented for information purposes.

APPROVAL OF RESOLUTION 2022/23-08 APPROVING THE ADOPTION OF CALPERS 457 PLAN FOR BCAG EMPLOYEES

PREPARED BY: Jon Clark, Executive Director

ISSUE: The Executive Director is requesting the BCAG Board of Directors approval of Resolution 2022/23-08 authorizing BCAG's participation in the CalPERS 457 plan.

DISCUSSION: As part of the benefit package for BCAG employees, BCAG offers a CalPERS 2% @ 55 defined benefit plan and offers a voluntary 457 plan through MissionSquare, formally ICMA.

Since the change of management of the 457 accounts from ICMA to MissionSquare over a year ago, staff has found that the customer service provided by Mission Square is not as satisfactory as the service previously provided by ICMA. As a result, BCAG management would like to offer staff the option to participate in the CalPERS 457 plan. If approved by the Board, BCAG staff will have the option to continue to participate in the MissionSquare 457 plan or transfer their funds to the CalPERS 457 plan.

STAFF RECOMMENDATION: The Executive Director is requesting the BCAG Board approve Resolution 2022/23-08 authorizing BCAG's participation in the CalPERS 457 plan.

APPROVAL OF 2023/24 PRELIMINARY FINDINGS OF APPORTIONMENT FOR THE TRANSPORTATION DEVELOPMENT ACT (TDA) FUNDS

PREPARED BY: Julie Quinn, Chief Fiscal Officer

ISSUE: Staff has prepared preliminary 2023/24 Transportation Development Act (TDA) apportionments for Board review. Final TDA apportionments will be brought to the Board for approval in May for use in the annual TDA claim process.

DISCUSSION: The TDA provides two funding sources: Local Transportation Funds (LTF) and State Transit Assistance (STA). Revenues of the LTF are derived from a ¼ cent of general sales tax collected within the county and revenues of the STA are derived from the statewide sales tax on diesel fuel. The STA provides funding for allocation to local transit service for operations and capital associated with local mass transportation programs. The LTF funds a wide variety of transportation programs, including planning and programing activities, pedestrian and bicycle facilities, public transportation and bus and rail projects. Providing certain conditions are met, counties with a population under 500,000 may also use the LTF for local streets and roads construction and maintenance.

The LTF apportionment of \$12,303,710 is based on the Butte County Auditor-Controller's estimate of sales tax revenues for the upcoming year, plus or minus any available fund balance. The 2023/24 estimate of LTF from the County is \$11,703,710. BCAG has determined that an additional \$600,000 can be apportioned from the fund balance, making the total LTF an increase of 8% over the prior year.

The STA apportionment of \$2,555,628 is based on the adopted state budget and includes a portion of SB1 funds. The 2023/24 estimate from the SCO was increased \$564,458 from the prior year final estimate. BCAG has determined that an additional \$444,372 can be apportioned from the fund balance of the prior year, making this a 43% increase of STA funding.

TDA apportionments are allocated to and claimed by jurisdictions based on the priorities identified in the TDA regulations. TDA claims made by the jurisdictions on the 2023/24 apportionments will be presented to the board in the following month(s). BCAG and the Butte County Auditor-Controller receive allocations off the top per the TDA regulations. These allocations remain the same as prior year.

Butte Regional Transit allocation of \$5,868,889 includes \$4,618,889 of operations funding, \$500,000 of LTF distributed to BRT for capital reserves and \$750,000 of STA funding reserved for future bus purchases. Operating funds are determined from the draft B-Line Budget and Service Plan, less estimated carryover of LTF funds from prior year. Capital reserves are determined from the bus replacement schedule. The draft B-line Budget and TDA funding was reviewed with the Transit Administrative Oversight Committee (TAOC) on March 15, 2023. No concerns were noted.

Preliminary allocations to the cities, town and county for streets and roads projects are based on January 1, 2022 population figures from the State Department of Finance. Final apportionments will use the January 1, 2023 population estimate, which is released each year on May 1st. Final Findings of Apportionment will be brought before the Board for approval at the May 2023 meeting.

Attached is the Preliminary Findings of Apportionment for the Local Transportation Funds and State Transit Assistance for fiscal year 2023/24.

STAFF RECOMMENDATION: Staff requests the Board approve the Preliminary 2023/24 TDA Findings of Apportionment.

APPROVAL OF RESOLUTION 2022/23-09 FOR THE EXECUTION OF THE CERTIFICATIONS AND ASSURANCES AND AUTHORIZED AGENT FORMS FOR THE LOW CARBON TRANSIT OPERATIONS PROGRAM (LCTOP) FOR THE ZERO-EMISSION BUS IMPLEMENTATION PROJECT

PREPARED BY: Sara Cain, Senior Planner

ISSUE: BCAG is applying for FY 2022/23 Low Carbon Transit Operations Program (LCTOP) funds for \$522,292 towards the Zero-Emission Bus Implementation Project.

DISCUSSION: In March 2023, the FY 2022/23 LCTOP allocation amounts for eligible agencies were released. There was a total of \$192 million available for allocation.

The FY 2022/23 LCTOP funds continue BCAG's commitment to converting its fleet to zero-emission vehicles. The funds will be used to purchase a zero-emission bus and charging infrastructure. These funds will facilitate the implementation of BCAG's recently approved Zero-Emission Bus Rollout Plan.

STAFF RECOMMENDATION: Staff requests the BCAG Board of Directors adopt Resolution 2022/23-09 for the execution of the Certifications and Assurances and Authorized Agent Forms for the Low Carbon Transit Operations Program (LCTOP) for the Zero-Emission Bus Implementation Project.

BUTTE REGIONAL TRANSIT DRAFT 2023/24 SERVICE PLAN & BUDGET

PREPARED BY: Sara Cain, Senior Planner

ISSUE: BCAG is responsible for the preparation of the Annual Service Plan and Budget for Butte Regional Transit.

DISCUSSION: Below is the Draft 2023/24 Butte Regional Transit (B-Line) Budget for review and comment. A full copy of the Draft 2023/24 B-Line Service Plan & Budget can be found on the B-Line website at the following link:

http://www.blinetransit.com/documents/Service%20Plan%20and%20Budget/2023-24-Draft-B-Line-Annual-Service-Plan.pdf

On March 15, 2022, Staff met online with the Transit Administrative Oversight Committee (TAOC), which is made up of representatives from the cities, town and county, to review the FY 2023/24 Transit Budget and Service Plan. The final FY 2023/24 Annual Service Plan and Budget will be presented to the BCAG Board of Directors for adoption at the April meeting.

In summary, the FY 2023/24 Proposed Draft Budget identifies a total operating budget of **\$11,814,415** for both Fixed Route and Paratransit service in the urban and rural areas of Butte County. The 2023/24 budget is \$393,548 higher than the prior year, an increase of 3.4%.

The following items are major changes from the prior year budget:

- Transdev services contract includes a maximum obligation of \$8,290,238 for the year, an increase of 3.5%. The rate associated with these costs for this budget is \$94.72, based on 87,527 budgeted service hours. This is reflected in the budget as Purchased Transportation.
- BCAG/B-Line plans to hire an in-house IT Support position in 2024, which is accounted for under IT Support Staff.
- Increase of \$10,000 in Public Outreach for additional marketing materials and presence at community events.

Funding for the transit service is provided from three major categories: farebox ticket sales, Federal Transit Administration (FTA) and other grants, and California Transportation Development Act (TDA) funds. The following are notable changes from the prior year budget:

Fare revenue in the draft budget covers approximately 10% of overall costs. The
budget for fare revenue shows an increase of 23% from the prior year from
increased ridership. The current year estimate is derived from the actual fares
collected through the second quarter, adjusted upwards by an average of 2% to

BCAG Board of Directors Item #8 March 23, 2023 Page 2

- account for increasing demand. Staff will review the fare income after the third quarter and adjust fares for the final budget if necessary.
- Federal/Other funding covers 40.7% of costs in the draft budget. This is a 15% increase from the prior year due to increasing FTA operating apportionments and COVID-relief funds.
- TDA support covers 49.3% of costs in the draft budget. This is a 7% decrease from last year due to increased federal funding and fare revenue estimates. Any excess TDA funding over actual operating cost is carried into the following fiscal year. The carryover of TDA funds from 2021/22 is estimated to be \$1.2M, which reduces the apportionment of TDA to BRT.

Capital Budget items for FY 2023/24

Four electric buses and charging equipment are scheduled to be ordered in the fiscal year. Funding for these buses includes a combination of LCTOP, SGR, and FTA 5339. Six smaller diesel buses with seating for 18-24 passengers will also be ordered in the fiscal year, which will be paid by Restricted TDA funds. BCAG was awarded FTA 5310 funds for four paratransit vehicles that are scheduled to be delivered in 2024.

NEW MARKET TAX CREDIT (NMTC) TRANSACTION FOR THE BUTTE REGIONAL TRANSIT OPERATIONS AND MAINTENANCE FACILITY COMPLIANCE PERIOD ENDING

PREPARED BY: Jon Clark, Executive Director

ISSUE: The 7-year compliance period for the New Market Tax Credit (NMTC) transaction approved by the BCAG Board of Directors in 2016 for the Butte Regional Transit Operations and Maintenance Facility will be ending in the coming months. This memo outlines the procedures for completing the NMTC transaction.

DISCUSSION: On February 9, 2016, the BCAG Board of Directors approved resolution 2015/16-7, which authorized a New Markets Tax Credit (NMTC) transaction to generate funds for the Butte Regional Transportation Operations and Maintenance facility, and further authorized staff to enter into agreements associated with the transaction. Among those agreements was the Put/Call Option Agreement, which sets forth procedures for the NMTC investor and other parties to exit the transaction. Following a program compliance period of 7-years, those procedures include an option for the investor to assign all of its interests in the transaction to BCAG for \$1,000.

Having reached the end of the program compliance period, staff is in the process of finalizing an assignment of the NMTC investor's interests as reflected by the Put/Call Option Agreement and in accordance with the Board's authorization in 2016. Once finalized, all investor liens associated with the 2016 NMTC transaction will be released and the Deed(s) of Trust will be assigned to BCAG. Further, BCAG will hold all interests in the loans made to Butte Regional Transportation Corporation (BRTC) related to 2016 transaction.

Subsequent to the exit, the BCAG Board and the Board of the Butte Regional Transportation Corporation (BRTC) may choose to dissolve these loans and restate the facilities lease between BCAG and BRTC such that the remaining lease payment is substantially reduced. As BCAG and BRTC entered into a subsequent NMTC transaction in 2018 to fund additional improvements, this restated lease is expected to reflect only a payment amount that is necessary to satisfy BRTC's 2018 loan obligations and the resulting requirements of that transaction.

Upon completing the compliance period affiliated with the 2018 transaction, a similar process would yield the dissolution of the underlying lease, with BCAG holding fee title to the facility.
